

THE CHOCOLATE BOMB FORMULA · MODULE 6

Labels, Tags & Cards

Printable labels, tags, cards and your flavor menu, in six palettes. Editable in Canva.

Labels, Tags & Cards

Everything on these pages prints at home. Six palettes in the Formula colors, every-day sentiments, every season we sell, round labels to seal the lid and mark the flavor, the ingredient and allergen label your cottage food rules ask for, to/from tags, folded cards, the "how to use" insert and a flavor menu you can fill in and hand out.

How to print

- **Tags and cards:** 65 to 80 lb cardstock (180 to 220 gsm). Print at 100%, "actual size."
- **Round and ingredient labels:** full-sheet sticker paper, or plain cardstock cut and glued.
- Cut on the thin lines with scissors or a paper trimmer. Punch a hole in the top corner of a tag and thread the twine through.
- **Write your name** on the "made with love by" labels, every time. That line is how customers find you again.
- **Want it editable?** The ZIP in your members area has every page as a PNG: open it in Canva, add text on top, download as PDF Print.

What's inside

- Every-day sentiments, 27 tags × 6 palettes
- Seasonal sentiments, 27 tags × 6 palettes: Christmas, Thanksgiving, Halloween, Valentine's, Mother's Day, Father's Day, Easter, teacher gifts and more
- Round "made with love by" and flavor labels × 6 palettes

- To / From tags × 6 palettes
